aspects of
orthopaedics

Participate in the international fellowship of orthopaedics

... where the world's largest gathering of orthopaedic surgeons present new and important directions in orthopaedic surgery.

Meet renowned orthopaedic surgeons from around the world

The AAOS 2006 Annual Meeting draws world-class orthopaedic surgeons from more than 100 countries. Share with them your personal approaches to treatment and learn how they manage a wide variety of musculoskeletal conditions. Experience the excitement of new ideas, stimulating interaction and candid debates.

... at the crossroads of orthopaedic education, research, and technology

A powerful educational curriculum offers you a high level of scientific content

- Focus on musculoskeletal techniques, procedures, treatments and diagnostics at practical programs such as Instructional Course Lectures (ICLs) and Specialty Society Day.
- Explore leading-edge thinking, the latest research and new directions in orthopaedic surgery at Symposia, Paper and Poster presentations.

Planning tools will enable you to create a personalized, focused learning experience within the vast range of opportunities available at the AAOS 2006 Annual Meeting.
